Dear Sir/Madam

**Modern ABC Cuisine**

Please find attached the completed Work Cover employer registration form for Modern ABC Cuisine. We wish to register the company for Work Cover commencing the 2006/2007 Financial Year.

The reason the client has previously failed to register for Workcover is a result of their former accountant's negligence. Modern ABC Cuisine was assured by their previous accountant that all their obligations as an employer, including registration of Workcover, were up to date and complete. Personalised Tax Services is now acting for Modern ABC Cuisine.

We ask you remit any fees applicable to this client as they believed they were meeting all their obligations as an employer.
